

SpringCom SIP Saver 8

Information About The Service

The 'SpringCom SIP Saver 8' plans are a perfect replacement for PSTN or ISDN phone lines, reducing your line rental and call costs significantly.

Whether you need to activate a new service, or transfer (port) your existing office phone services whilst keeping your existing phone numbers, the 'SpringCom SIP Saver 8' Plan provides great peace of mind, and an Australia based support team.

Savings are achieved by the services being provided via an Internet connection, referred to as VoIP or IP Telephony.

Minimum Contract Term

24 months

Customer Feedback

"We were initially skeptical of using a VoIP solution having heard several 'horror stories' around dropouts and quality of service but having been told about the ... offer through SpringCom, we couldn't pass up the opportunity to realise cost savings. Not only is call quality exactly the same as ISDN, but we are expecting savings of up to \$1400 PER MONTH over traditional POTS services."

Key Details

1. 'SpringCom SIP Saver 8' is a telephone service provided via your Internet connection referred to as VoIP or IP telephony. An Internet service with a minimum 100/100 Kbps per concurrent call is required for a 'SpringCom SIP Saver 8' service. You can utilise an existing Internet connection or request a new dedicated service to be provided by SpringCom (Applicable Internet rates apply). Service availability and quality may differ from a standard telephone service, as the quality of the service is subject to network and Internet congestion.
2. You are responsible for the supply of a IP/VoIP compatible PBX in order to use a SpringCom SIP product.
3. Timed calls are billed in 30-second increments.
4. If you wish to terminate the service before the end of your contract, Early Termination Fees (ETF) will apply. The ETF will be calculated at 50% of the monthly access fee multiplied by the number of months that are left on your agreement. The maximum ETF is \$84.00 per channel
5. Pricing is inclusive of GST and subject to change without notice.
6. All calls not shown, such as calls to international numbers, premium numbers, directory assistance, premium 19/1900 are charged in addition to the call plan offer. Rates available upon request.
7. Any included calls are subject to our Fair Use Policy (FUP), and not for telemarketing business purposes.
8. A 'SpringCom SIP Saver Saver 8' plan may not be appropriate if you require an uninterrupted outbound phone service with access to 000 emergency services. The service will not function in the event of a power failure or internet connectivity issues.
9. When porting phone numbers to a SpringCom SIP service please beware that your existing provider may charge you a port-out fee.
